

**PARM
LOCAL WORKING
GROUP**

Date: February 22nd, 2006
Time: 10:00 AM
Place: Extension office, Loa, Utah

**Planning/update
meeting**

Members Present;

Verl Bagley (USU/EXT)
Todd Black (USU/EXT)
Gary Hallows (Parker Grazers)
Joe Delabrue (USFS)
Jim Lamb (UDWR)
Chris Colton (BLM)
Curtis Warrick (BLM)
Elise Boeke (USFWS)
Ron Torgerson (SITLA)
John Keeler (UTFB)

Information Presented

Todd is still working with the Fishlake Forest Service (Kraig and Jo) to look at grouse use of the grass valley sub unit. The PARM boundary may need to be re adjusted to accommodate information they have been collecting.

The group reviewed the population and habitat viability table along with definitions, current status and future desired rankings (see attached table)

Dave Dahlgren gave an update on the grouse project from 2005. Reports were distributed to those who wanted them. Others will be mailed out to the group.

Project Updates

None at this meeting

Actions Taken

The group discussed stresses and threats to each of the key attributes from the viability table. They discussed what each of these were and what indicator they could potentially impact.

The next meeting scheduled for Wednesday March 22nd at 10:00 AM at the Loa County Building Extension office, 18 S. Main in Loa.

Follow-up Needed and Assignments

Todd to send out example of rankings of stresses and threats prior to next meeting.

Todd to bring GIS to next meeting and revisit PARM boundary and subunits.

Todd to send PARM MOU to group when revised
